This were brained by their implicable energies with

back every moment, to renew the charge. The faups are equally as vigilant as the Grand lawness, and keep up the same system

According too the official statement, the whole nation of Pawnees-(that is, including the Republicans, Grand Pewners, Loups and Tepage,) numbers 12,500 souls; but that estimate is undoubtedly a great deal to large. Several men who have traffed with them for many years; and have had every opportunity of knowing nearly their exact population, informed us that they did not exceed 6,500, with 1000 werriors. Such workship is a very confect estimate of their force. They are said to have descended from the same stock with the Rickarees of the North, and the Wacoes, Wichitas, Wowockanoes, Towyash and Keechyes or Red River, all of whom speak languages still traceable to the same origin, and ive customs and observances nearly alike.
